## LASTING POWER OF ATTORNEY

A Lasting Power of Attorney (LPA) empowers you to designate a trusted individual(s) to make decisions about your personal welfare, property, and money if you lose mental capacity. Your loved ones do not automatically have this authority if you become unable to make decisions.

**Without an LPA, your loved ones would need to seek Court approval for these decisions. This can incur costs and lengthy delays.**

An LPA safeguards your choices, easing potential stress for your loved ones in unfortunate circumstances.

**To secure your LPA, the process involves online submission to the Office of the Public Guardian, a step we can expertly assist you with.**

## PROTECT YOUR WISHES AND LEGACY

Secure Your Legacy: Estate Planning, often ignored by both seniors and the younger generation, is a crucial facet of financial planning. Crafting a will isn't just about assets, it's about ensuring your wishes are respected.

Don't wait, act while you can shape your future, as life can change in an instant.

## BENEFITS OF A WILL

A Will is a legal document which outlines your instructions for the distribution of your assets upon death

**Empower Your Wishes:** Through a Will, you determine beneficiaries and how much they get. You retain control over chosen executors, trustees, and guardians. A Will averts potential conflicts among loved ones, ensuring harmony in estate distribution. Moreover, estate administration is notably expedited with a Will.
